Church information

The fourteen hundred member church is located in the West End of Allentown next to the golf course on Tilghman Street. Cultural, athletic and educational opportunities abound in the area with two colleges within blocks of the church. Fifteen minutes east is the Allentown urban center with its heterogeneous population and its Symphony Hall, Events Center, Art Museum and triple A hockey and baseball teams.

Because of our proximity to the center city, we are heavily involved in partnerships for missional work and assistance to those in need. As a diverse congregation, we hold six worship services on Sundays in various styles including traditional, sacramental and alternative. There are also an abundance of small group activities and Bible studies during the week. Our youth groups meet regularly during the year and are involved with mission activities, trips to the youth camp and regular activities at church.
